Re: Notice to Cease and Desist All COVID-19 Vaccine Mandates

Dear County Manager Fernando Macias,

Your Memorandum titled, “Mandatory COVID-19 Vaccination Directive,” requires first-responders in Doña Ana County to receive COVID-19 vaccination as a condition of ongoing employment. This vaccine mandate is in direct violation of Federal law and must be rescinded immediately to avoid legal actions against agencies and individuals.

Experimental COVID-19 vaccines have not gone through the full Food and Drug Administration (FDA) approval processes. They are approved for [Emergency Use only](#). According to [FDA 21 U.S. Code § 360bbb-3](#) “*Authorization for medical products for use in emergencies,*” medical products (including vaccines and PCR tests for COVID-19) which have been granted Emergency Use Authorization may not be compulsory and must be voluntary only after full informed consent. Thus, your order mandating COVID-19 vaccines violates Federal law. In this particular situation, federal law pre-empts state law, meaning that state law cannot over-ride it.

New Mexico Stands Up! is prepared to pursue legal action against any individuals, businesses, or government agencies who mandate COVID-19 vaccination. These illegal mandates expose individuals to compulsory risk and directly violate Federal law. Private businesses are liable for damages caused by the experimental shots if employees are not given full freedom of choice without threat of consequences. Government officials who impose COVID-19 vaccine mandates can be held personally liable for violating Federal law, which requires voluntary and full informed consent to any product marketed under the Emergency Use Authorization.

Sincerely,

/s/ N. Ana Garner
